

**23**
**Wide LCD**  
with digital terrestrial television  
integrated

## QXT.23DB

[P218400A - Cod. EAN 8032891991787]

**Hotel Function:** this TV has been designed to be used in Hotels and has a range of options to prevent the guest from getting access to the TV Set configuration panel.

**USB** for an excellent reproduction of pictures, music and videos. The USB interface allows the access to the devices containing pictures, MPEG videos, and MP3 music.

The TV supports **1080p** signals from every source, including the recent Blu-ray and the last generation of HD video game console. The tuner reproduces DTV signals in HD (MPEG4, H.264). The elaboration of the images is capable of progressive-scan videos reproduction without flickering and with excellent brightness and perfect colors.

The television has a **Common Interface (CI)** slot to use a **CAM (Conditional Access Module)** board, in order to receive the pay-per-view channels.

### LCD

Type	Tv monitor LCD 23" active matrix anti glare
